How To: Archive a Program from the Library

[Mike Zoetewey](#)

14 days ago · Updated

[Follow](#)

This article will show you:

- How to archive a program from the Program Library.

You need this because:

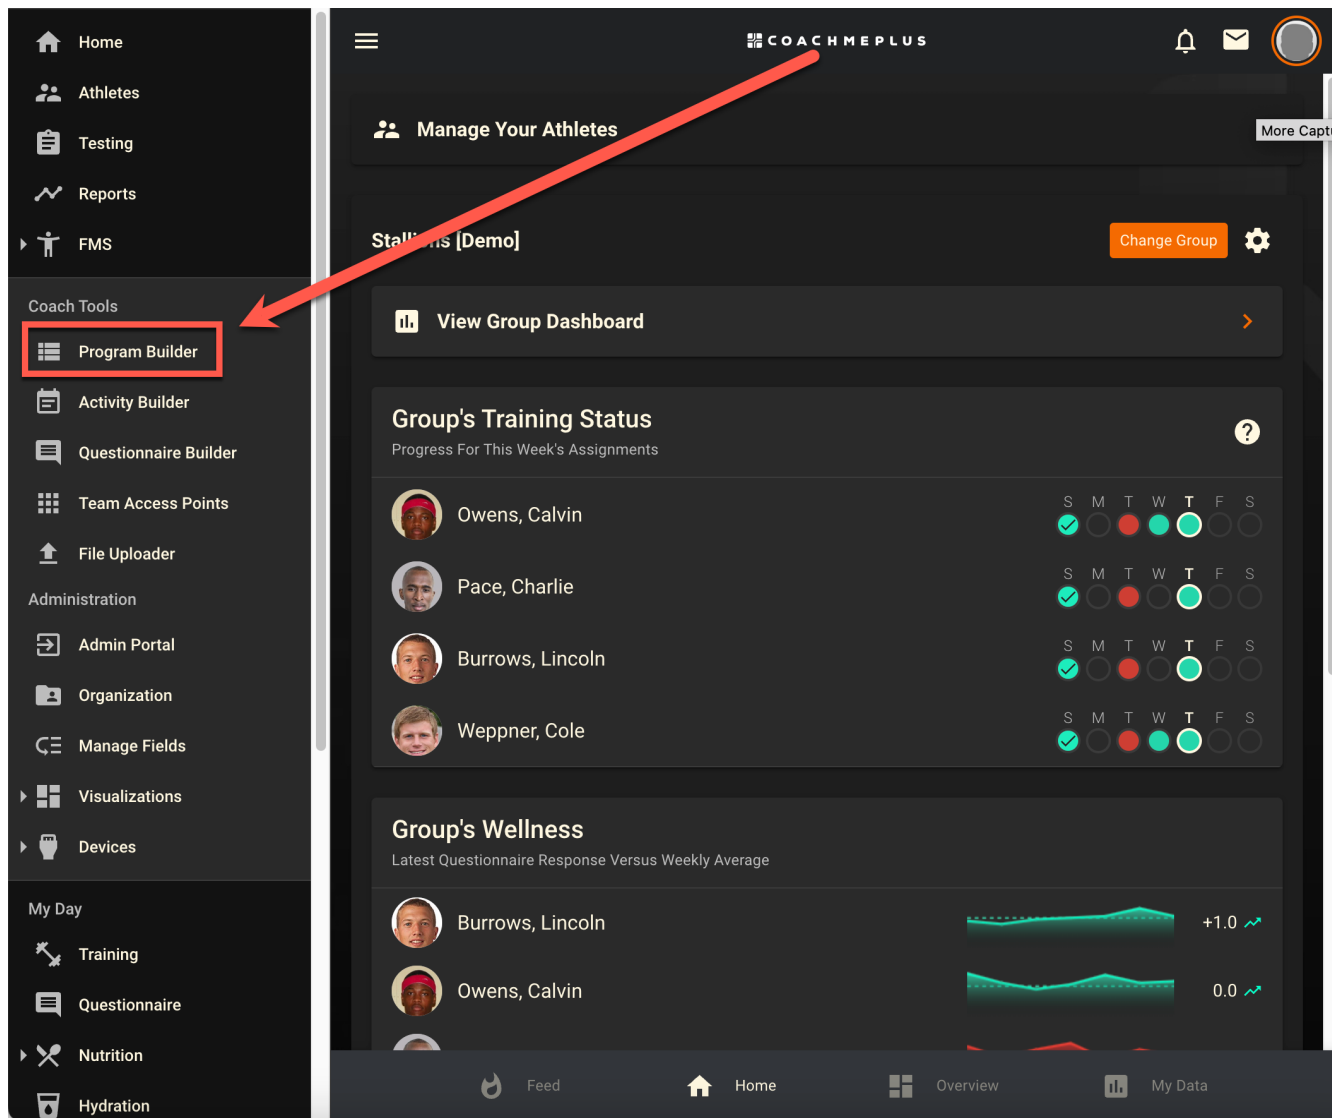

- You want to archive a program without deleting the program.
- Archiving a program does not remove the data associated with that program, it simply removes it from the list of available programs.

Watch this How To Video and follow the steps below:

Step 1: Access the Program Builder

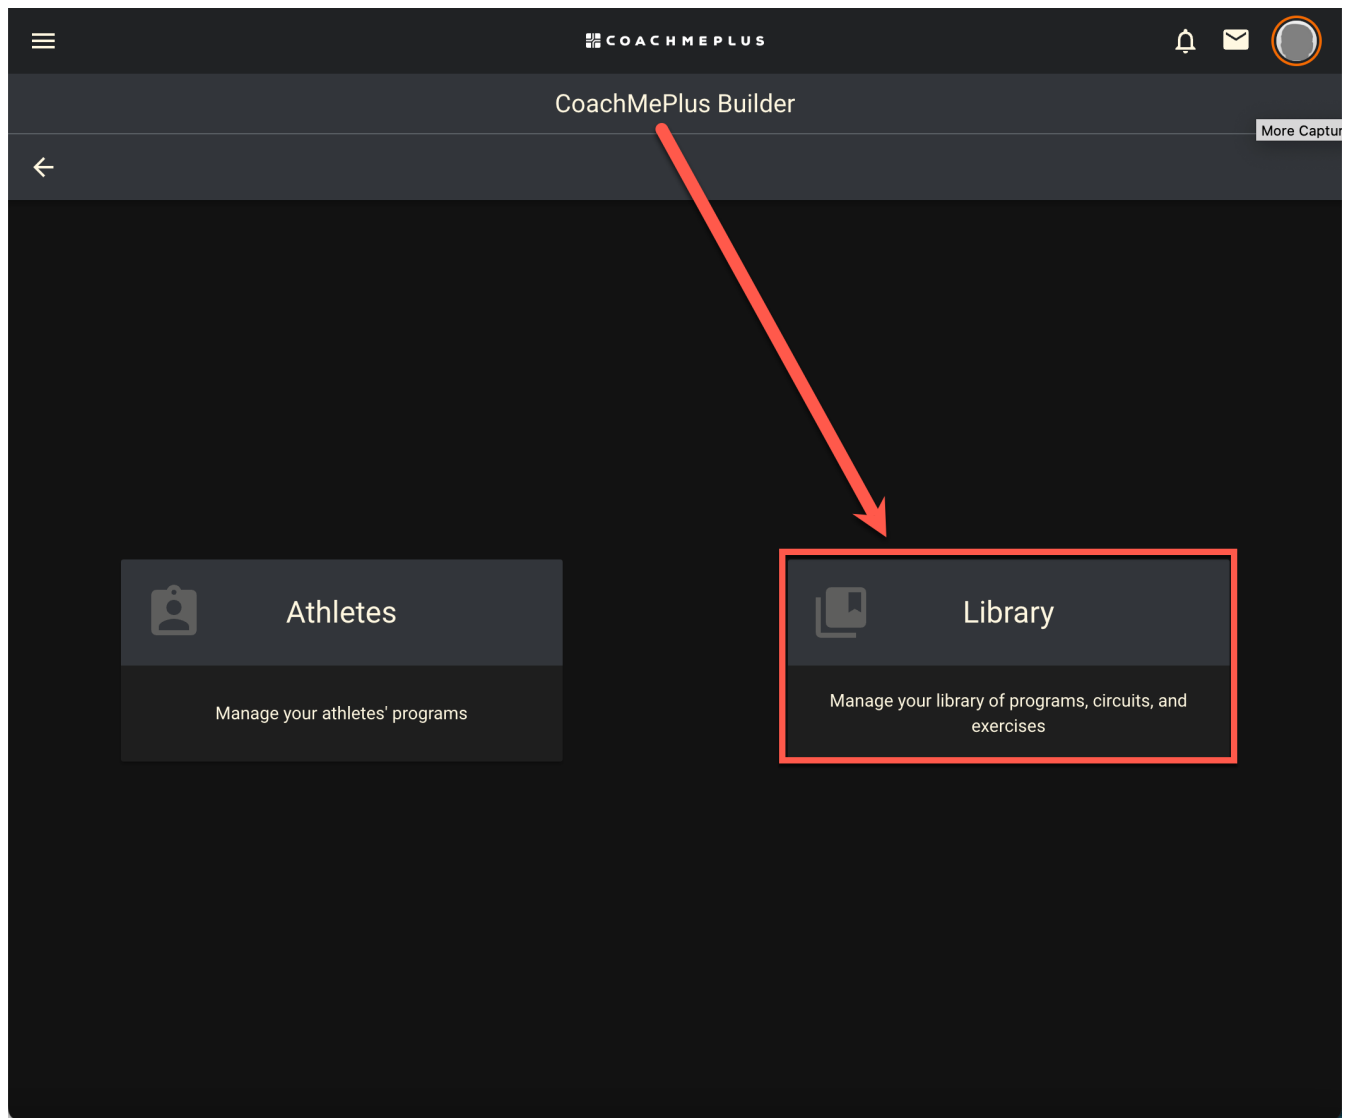

1.1. Log in to your CoachMePlus account.

1.2. Once logged in, navigate to the Program Builder section. You can find this in the main menu or dashboard of your CoachMePlus account.

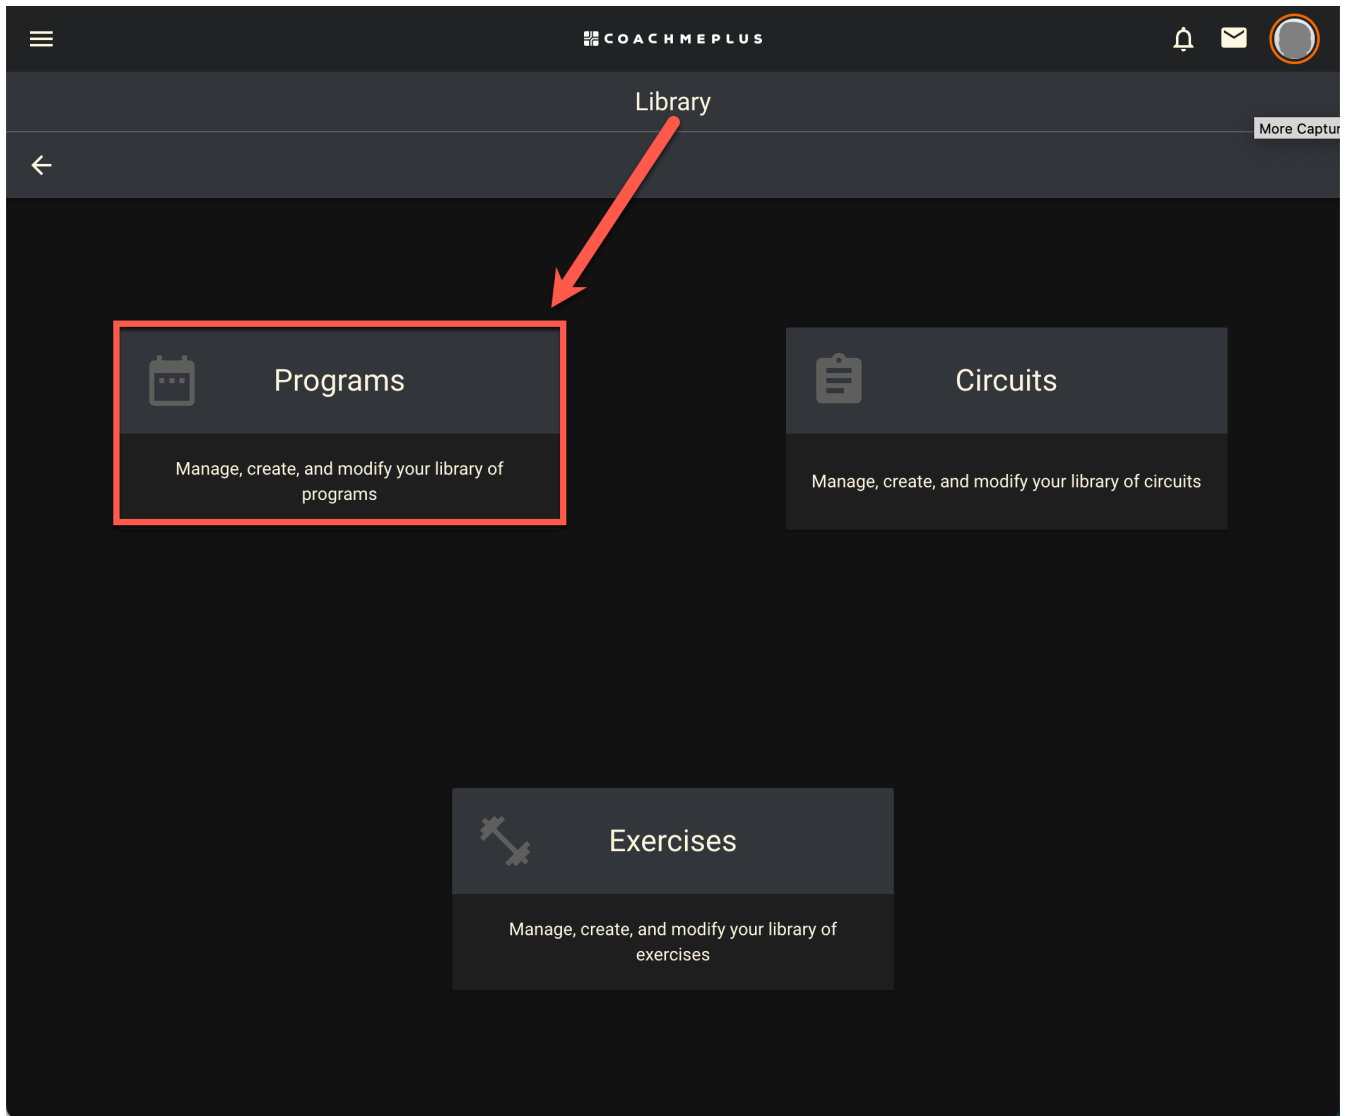

Step 2: Access the Program Library

2.1. In the Program Builder section, look for the "Library" option. Click on it to access your program library.

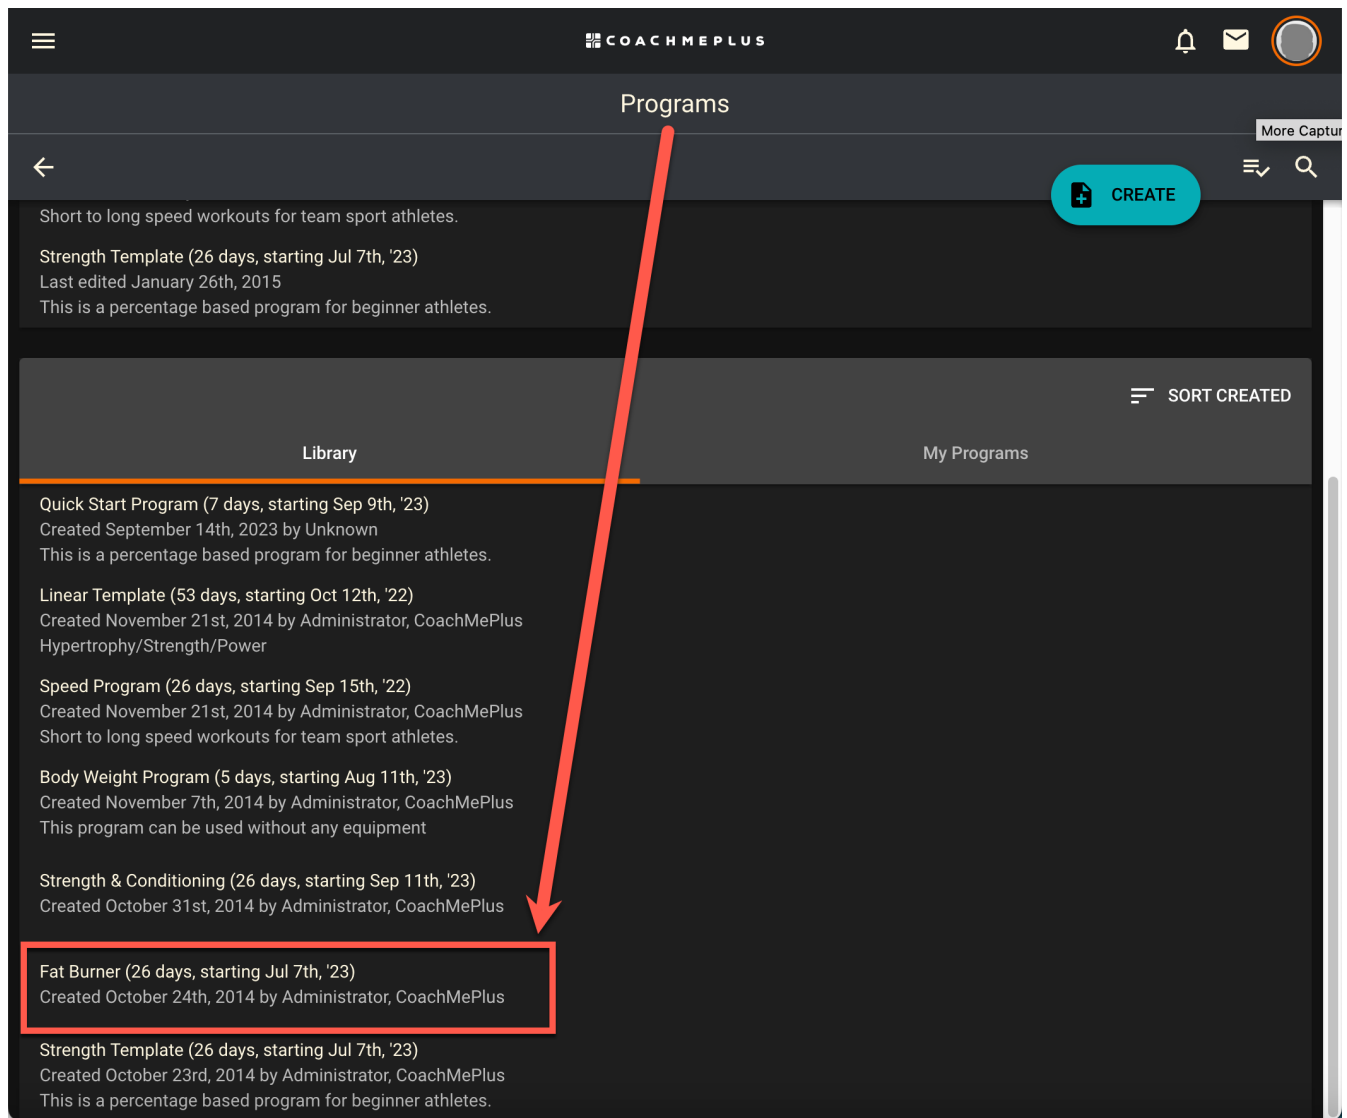

2.2. From the list of available options, click on "Programs." This will display a list of all the programs you've created.

Step 3: Select the Program to Archive

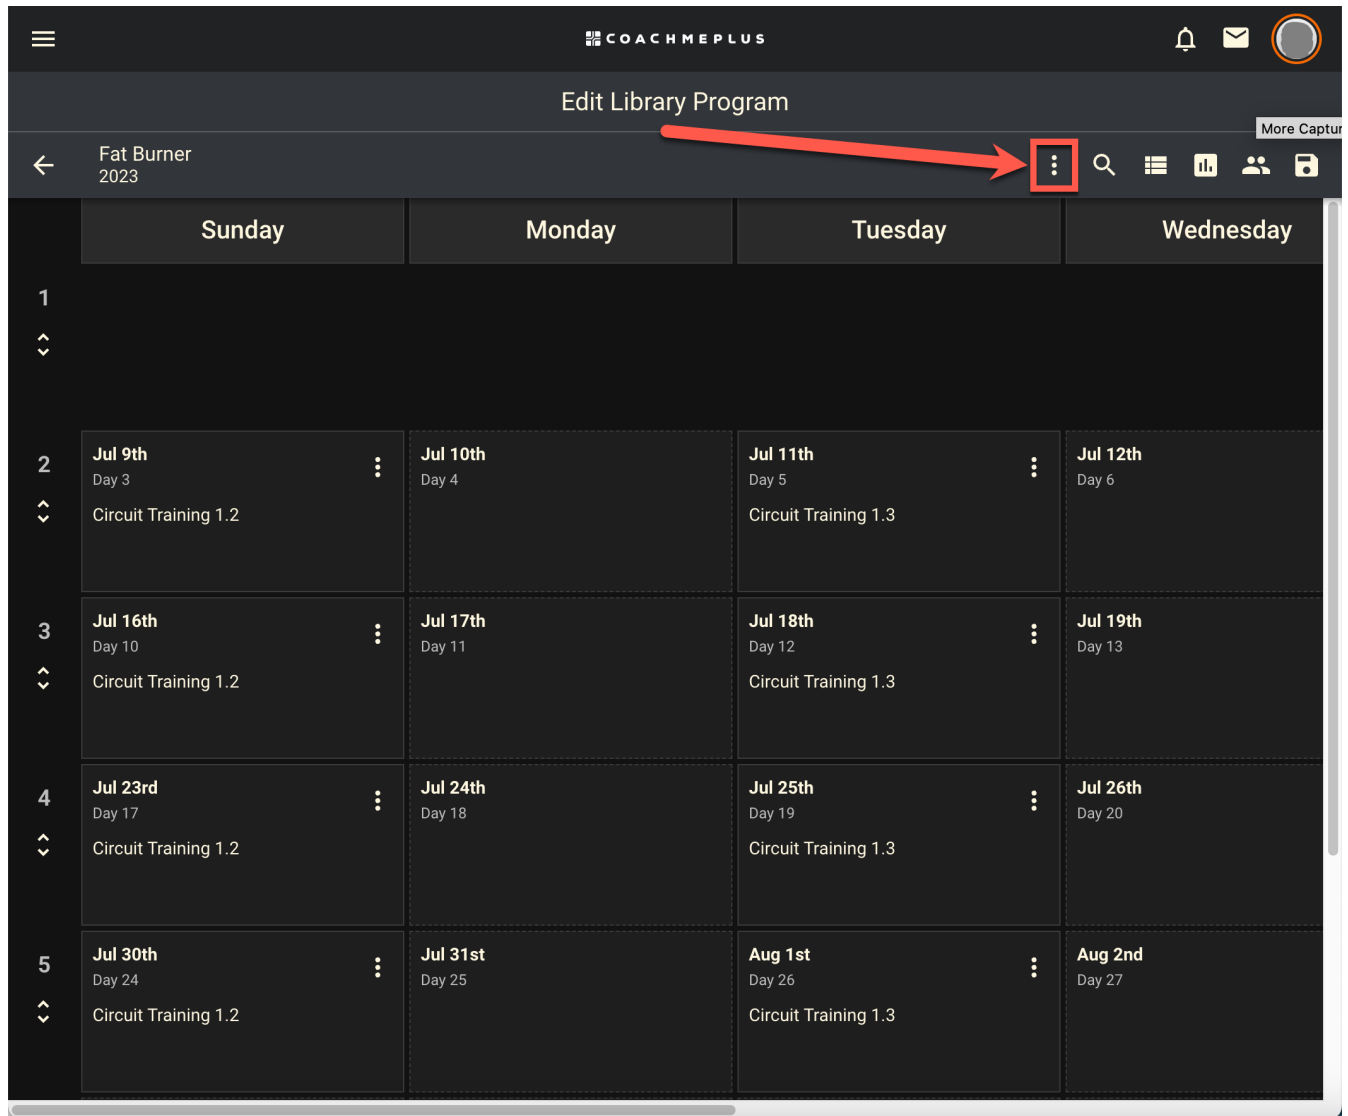

3.1. Browse through the list of programs in your library to find the program you want to archive. In this example, we'll archive the "Fat Burner" program.

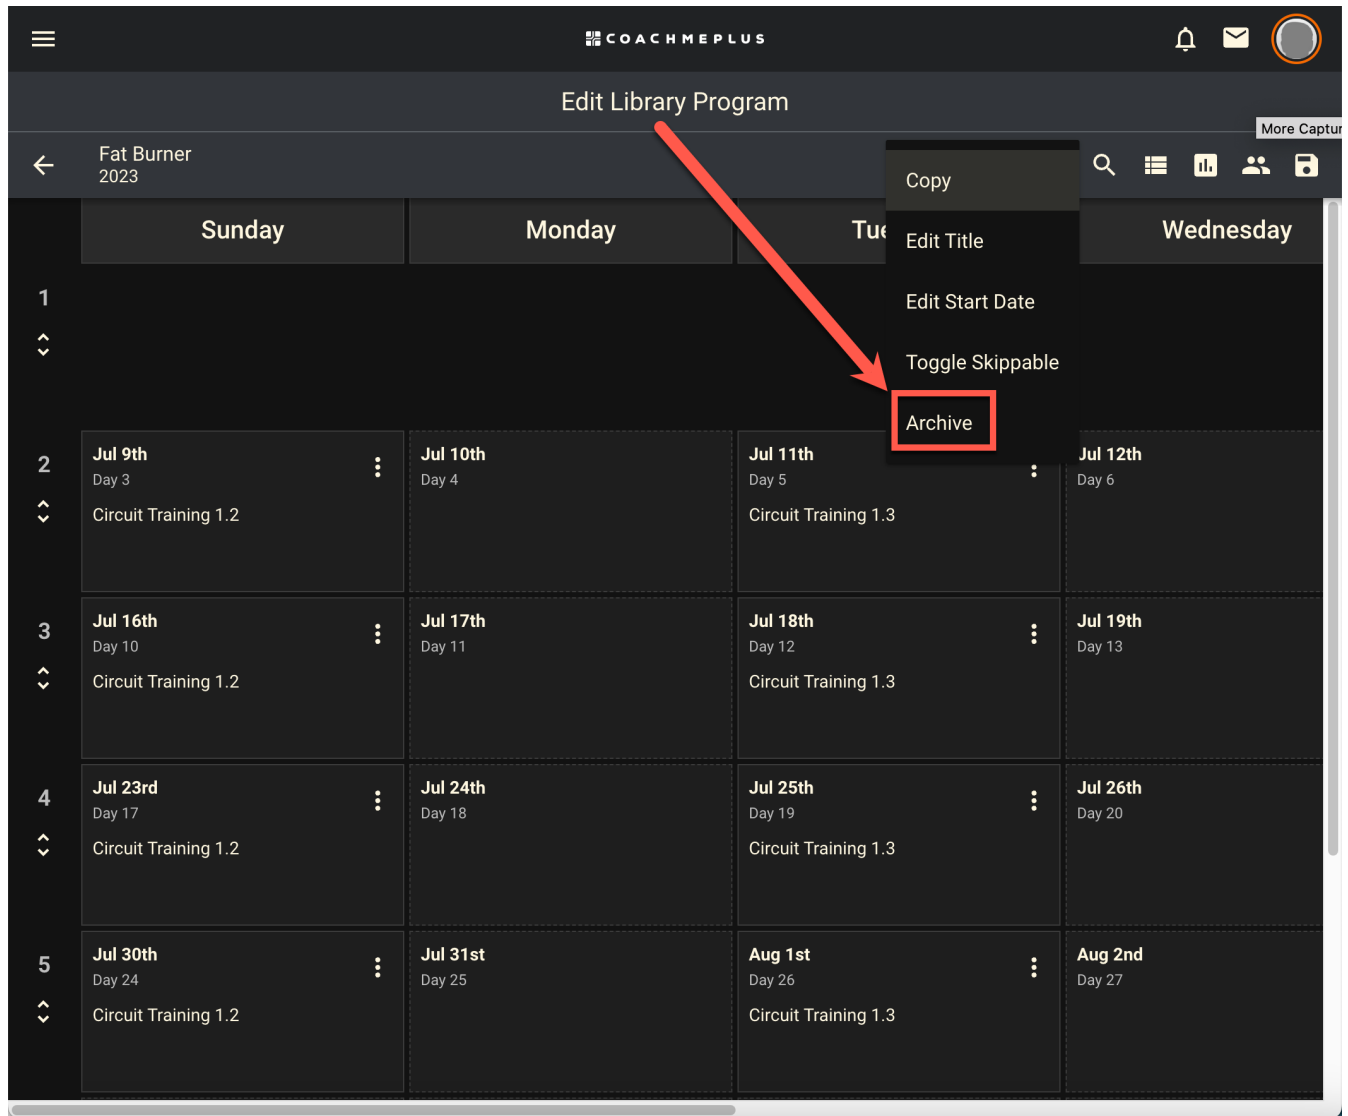

Step 4: Archive the Program

4.1. Once you've located the program you want to archive, click on it to select it.

4.2. Look for an option to archive the program. This option may be represented by an icon or text that says "Archive."

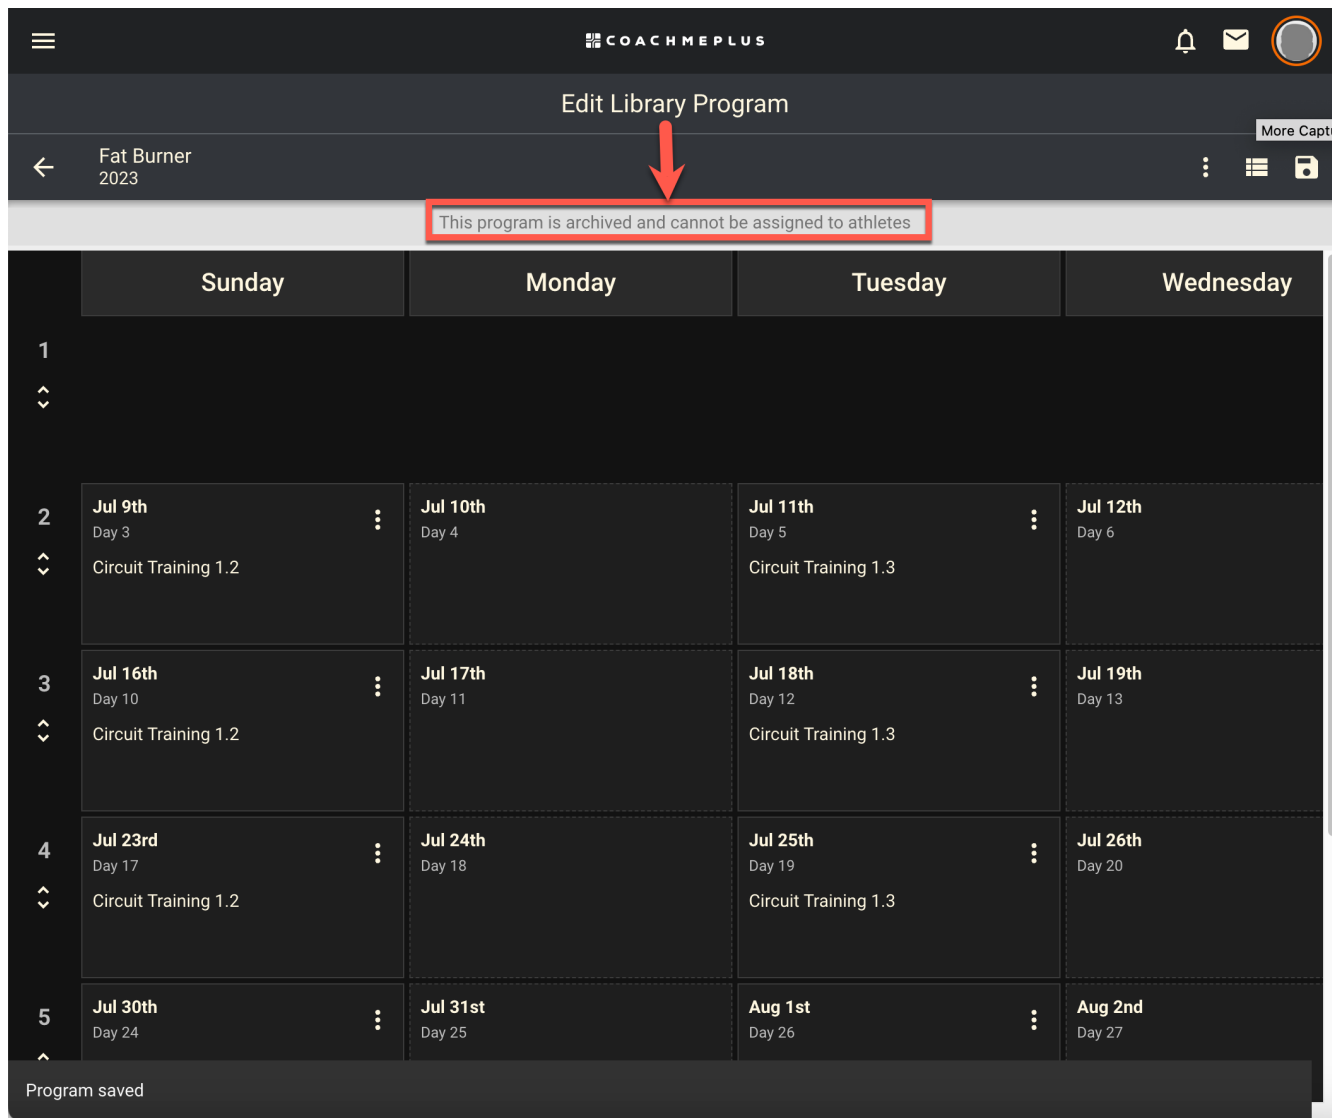

4.3. Click on the "Archive" option. A confirmation dialog may appear to ensure that you want to archive the program.

4.4. Confirm the action. The program will now be archived.

The screenshot shows the 'Edit Library Program' interface for 'Fat Burner 2023'. The calendar grid displays days from Sunday to Wednesday. A red arrow points from the title 'Edit Library Program' to a modal dialog box that asks 'Are you sure you want to archive this program?'. The dialog has 'CANCEL' and 'ARCHIVE' buttons, with 'ARCHIVE' highlighted in red.

	Sunday	Monday	Tuesday	Wednesday
1				
2	Jul 9th Day 3 Circuit Training 1.2	Jul 10th Day 4 Circuit Training 1.2	Jul 11th Day 5 Circuit Training 1.3	Jul 12th Day 6 Circuit Training 1.3
3	Jul 16th Day 10 Circuit Training 1.2	Jul 17th Day 11 Circuit Training 1.2	Jul 18th Day 12 Circuit Training 1.3	Jul 19th Day 13 Circuit Training 1.3
4	Jul 23rd Day 17 Circuit Training 1.2	Jul 24th Day 18 Circuit Training 1.2	Jul 25th Day 19 Circuit Training 1.3	Jul 26th Day 20 Circuit Training 1.3
5	Jul 30th Day 24 Circuit Training 1.2	Jul 31st Day 25 Circuit Training 1.2	Aug 1st Day 26 Circuit Training 1.3	Aug 2nd Day 27 Circuit Training 1.3

Step 5: Verify the Archive

5.1. To verify that the program has been archived, return to the list of programs in your library. You'll notice that the archived program is no longer visible in the active program list.

Congratulations! You've successfully archived a program in CoachMePlus. Thank you for using CoachMePlus, and have a great day!

Note: The exact steps and interface may vary slightly depending on the version and updates of CoachMePlus. If you encounter any difficulties or variations, please refer to the platform's official documentation or contact CoachMePlus support for assistance.
