SCALE QUICK START GUIDE

SYSTEM COMPONENTS & DISPLAY DESCRIPTIONS

PAIRING THE DEVICE FOR THE FIRST TIME

1. Enable BlueTooth on your tablet.
2. Plug the scale electronics in and connect the display cable to the platform cable. Be sure to use the power supply that came with the scale.
3. Press the "PAIR" button on the back of the display. The display will indicate -

4. The scale device will be recognized as "CoachMePlus-xxxx". The last four characters will be unique to your product.
5. Select the CoachMePlus-xxxx device.
6. When the Wireless Communications Icon  remains steady, the device is properly paired.
7. Press the "PAIR" button on the back of the display once again to return to active weigh mode
8. Press and Hold the  button until the display reads "ZERO" then release the button. When the display reads "0.0" it is ready.
