

COACHMEPLUS

Carefully monitor your athlete's weight and hydration with an industrial scale from Mettler Toledo. Seamless integration with the CoachMePlus system allows for quick and accurate weights for your entire team.

Weighing Equipment

CoachMePlus interfaces exclusively with METTLER TOLEDO weighing equipment from Brady Systems. Please choose one terminal for each scale base.

Terminal

METTLER TOLEDO IND570

- Stainless Steel Housing
- Includes Analog Scale Card
- Modified for Bluetooth compatibility with CoachMePlus tablets
- Includes SS Wall Mounting Bracket
- Includes on-site install, commissioning, and start-up

Scale Base

METTLER TOLEDO PBA220

- IP65 Ingress Protection
- 304 Stainless Steel Platter
- Powder Coated Steel Frame
- Includes Up To Six Overload Stops

Size Options

18" x 18" - 300 lb capacity

\$2,850.00 ea

24" x 32" - 600 lb capacity

\$3,090.00 ea

Note: We do not recommend retrofitting an existing scale base for this system, but if you would like to, please contact Brady Systems to confirm compatibility.

Optional Equipment

METTLER TOLEDO Mounting Column

- Column For PBA220: 26" Height With M8 Hole **\$103.00 ea**

Use this column if you do not want to attach the terminal to the wall

CoachMePlus does not mark-up or profit from any hardware sales.
